

ŽIBUNTAS MIKŠYS. *Conversations*

Edited Arūnas Sverdiolas

*Summary*

This book collects all the known dialogic texts of the prominent Lithuanian artist and graphic artist Žibuntas Mikšys (1923–2013). Some of the conversations, interviews, and answers to written questions were previously published in periodicals, and one of them was shown on a television show. The longer conversations with the artist by the people who communicated with him – Vita Gruodytė, Rainer Gotlib Mordmüller and Arūnas Sverdiolas – were recorded with a dictaphone, in one case – audiovisually, and are stored in the personal archives of the interviewees or in the Manuscripts Department of the Vilnius University Library.
